Most pecks are short, but all agree

The measure that it ought to be,

Mr. John I. Mathews was the recipient Wednesday night of a delightful serenade tendered by the Redmen's Band. Many thanks.

In another place is the card of Mr. C. C. Degman, who was nominated last Saturday as the Republican candidate for Representative from this county. The LEDGER takes pleasure in endorsing Mr. Degman's candidacy. He is one of Mason's most substantial and progressive farmers, and has ever had the best interests of the county at heart. A telegram was received by the family in this city yesterday announcing the death of Miss Marilu Evans, eldest daughter of Rev. C. F. Evans, D. D.

The sad event took place at Woodville, Miss., Wednesday at 1:30 a. m.

Miss Evans was a teacher in Edward McGhee College in Woodville, where she has been one of the main supports in the college for the past five years.

Miss Evans was an intellectual and independent young lady, and to know her was to love her.

The sympathy of the community goes out to Doctor Evans and family in their great loss, following so soon as it does the one of recent date.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

WEDDED IN ARIZONA.

A Former Aberdeen Lady Becomes Bride of a Western Man.

At Phoenix, Arizona, Wednesday afternoon, occurred the marriage of Miss Susan Bradford to James H. Bennett, a prominent Western mining man. The wedding was of a quiet nature, the only witnesses being ex-Governor Murphy of Arizona and two other friends.

After the ceremony the bridal couple left for Tucson, where they joined Mrs. Bennett's mother.

The bride is the daughter of Mr. and Mrs. P. N. Bradford, formerly of Aberdeen, and was very well known in Maysville society.

For a number of years Mr. Bennett was Chief Engineer for Senator Clark, and now has extensive mining interests in Arizona.

The couple will reside at Prescott, Ariz.

Do Good—It Pays.

A Chicago man has observed that "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it." Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it, for it has helped me out many a time." Sold by J. Jas. Wood & Son.

A LARGE number of leading Jews will meet in Washington City to discuss the recent Russian outrages, with a view to presenting a memorial from the American Hebrews to the coming session of Congress. The refusal of the Russian Government to issue passports to American Jews will be made the basis of a demand upon the Government to protect the rights of these citizens even to the abrogation of the present treaty with Russia.

THE Republican Committee of Jefferson County has issued an address to the voters of Louisville, calling attention to the wholesale frauds in the registration of that city; and in commenting on one exhibit of that address The Herald says—

"What do the people of Louisville think of the array of voters registered from bawdy houses so well known that the tag of their character is warningly set down even in the City Directory? The illustrations set forth by the committee are conservatively selected. There is one such house of four rooms, occupied by four women, from which forty-two men are registered. They name it as their home and residence. It is with such votes, imported from the slums of other cities, that the machine expects to overcome the decent voters of this town.

"What must be the whole extent of the frauds when hundreds of the repeaters and their protectors could afford to play the ribald and outrageous jest of registering boldly from common bawdy-houses."

THE Editor of The Lexington Morning Democrat has thrown another fit. Inspired by the silly report that CALEB POWERS and JIM HOWARD were likely to be rescued from the Jail at Georgetown, Mr. WALTON spews thusly—

"Rather, ten thousand times rather, that the foul brood were members of hell's unclean hierarchy than such a catastrophe should fall upon our people. The people of Kentucky have spoken finally upon this issue, and all the force that the Federal Government may bring cannot alter their determination. They have spoken through their Courts, through their Juries, and in the name of the law, and they will confirm that judgment by their action at the polls."

WALTON used to print a very decent paper over at Stanford; when Colonel BRECKINRIDGE showed his manhood by turning The Herald against the Goebel gang, the Stanford man thought he saw an "opening" at Lexington, and there he went and launched The Democrat. Finding that he couldn't draw from The Herald sufficiently to make his own enterprise profitable, he was seized with political rabies, and the disease is now in the tertiary state.

GOV. BRADLEY'S CALL TO DUTY.

Chairman John C. Wood of the Republican Speakers' Bureau has received the following letter from former Governor Bradley:

Louisville, Ky., October 2d, 1903.
Hon. John C. Wood, Chairman Speakers' Bureau—Sir: Had my health justified I would have spoken for the Republican party before this, and shall certainly speak as soon as able. The best interest of the state requires the election of the Republican ticket, and I trust that no man will be found who is not willing to do his duty. I hope that no effort will be spared to register the vote in the cities and towns of the Commonwealth, as this is the foundation of success, and in the absence of a full and proper registration we cannot hope to win. Your friend,
W. O. BRADLEY.

PLENTY OF IT.

Lots More Proof Like This, and It Is All From Maysville People.

"The proof of the pudding is in the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty indorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication it is proof convincing for the most skeptical. Read this testimony:

Mr. A. W. McClanahan of 119 West Second street says:

"The use in my case fully demonstrated the value of Doan's Kidney Pills. I suffered more or less from kidney trouble for twenty years, steadily becoming more persistent as time passed on. My attention was called to Doan's Kidney Pills and I got a box at J. James Wood & Son's Drugstore, corner of West Second and Market streets. The treatment so greatly benefited me that my only regret is that I did not know of this valuable remedy years ago, for had such been the case I would have been saved much suffering."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

DAMON AND PYTHIAS.

The scene showing the grounds of Calanthe's home in F. R. Hallam's great revival of "Damon and Pythias," is said to be one of the most beautiful garden scenes ever painted for the stage. This production will be seen at the Opera-house on October 27th under the auspices of Limestone Lodge No. 36, Knights of Pythias. Seats on sale at Ray's Drugstore Monday morning.

Gained Forty Pounds in Thirty Days.

For several months our younger brother had been troubled with indigestion. He tried several remedies, but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets.—Holley Bros., Merchants, Long Branch, Mo. For sale by J. Jas. Wood & Son.

HAD HIGHEST SKILL.

AND YET THIS WORKMAN
STARVED TO DEATH.

A pathetic story of hardship and misfortune was told a PUBLIC LEDGER representative yesterday. It seems a man not far from this city was exceedingly skillful in a certain line of work, but he was so unclean in his habits that his hands were always soiled. Whenever he did a fine piece of work he would be likely to spoil it by getting it spotted and greasy. So at last no one would hire him and he grew so poor he finally died from insufficient nourishment.

"Now," said Mr. J. C. Pecor our well known pharmacist, "there is a parallel case to that one in the field of medicine. It is cod liver oil, which contains medicinal and curative properties to do such splendid work as a body-building, healing, strength-creating tonic medicine, and yet fails because its greasy, indigestible oil upsets the stomach and hinders these excellent curatives from doing their healing work."

"Like the workman, old-fashioned cod liver oil has 'lost its job,' and few people nowadays have any use for it or emulsions, since Vinol is rapidly taking their place. Vinol is delicious and digested with perfect ease, and at the same time contains all the genuine medicinal curatives, taken direct from fresh cods' livers. Vinol will do more than was ever claimed for old-fashioned cod liver oil, yet it is entirely free from oil and agreeable to the weakest stomach. It is guaranteed to give strength to the weak, vitalize the aged and cure stubborn colds and hacking coughs, or money will be paid back."

J. C. Pecor, Druggist.

The City of Louisville is a handsome type of what fine, fast steamboats used to be in antebellum days of steamboating. She is probably the last of her kind.

The Mayflower is going to make an excursion trip from Pittsburgh to New Orleans. She already has seventy-five round-trip people engaged for the round trip.

Fifty needles were taken out of Davis Island Dam Wednesday. There was too much water in the pool, and the water passing out took away considerable drift which was an obstruction in the river.

T. P. Roberts, Acting United States Engineer on the Upper Ohio river, is making arrangements to put in a row of piling from the tow-head at Davis Island Dam to the bar at the "trap" near Sewickley.

Captain Irwin Johnson, who was the Steward on the Virginia of the Cincinnati and Pittsburgh Packet Line from the time the boat was built in 1896 until last May, is now the proprietor of a hotel in Catlettsburg.

The Oakland was taken off the docks at Allegheny Wednesday. She has had a new hull built under her, and the claim is made that she can take as big a tow as any other steamer on the river except the Sprague.

W. B. French, owner of a floating theater, which is seen on the Ohio at intervals, has traded his towboat, the Little Clyde, for a Paducah towboat, the Charles B. Pearce. There was some money in the bargain.

The Island Queen will leave Cincinnati about November 2, and will be taken to the Cumberland river, where she will lay up for the winter. In former years she spent the winter running out of New Orleans in the excursion business.

The Defender has had her repairs finished and is now at the Millcreek landing, where she will stay until a rise comes. She was sent there because of the slack water above. Her tow will be left at the bank above Maysville for another boat.

"If a deep-laid scheme of transportation interests inimical to river traffic goes through as planned, the next Congress will legislate the Upper Mississippi out of existence by voting to discontinue the appropriation of money for the maintenance of navigation," says the La Crosse (Wis.) Chronicle.

A Parkersburg correspondent of the Waterways Journal says: "Captain Wisan's prediction that tow-boats would be a thing of the near future for heavy coal tows will be fulfilled some time before the Pittsburgh Captain's that all boats will have inside cams. With a good towboat at the forward end of the fleet the risk would be reduced considerably. You start a mammoth towboat down the river with over a million bushels of coal, and the breaking of a one-inch rod may wreck the whole fleet. Uncle Sam sees to it that those boats have two ways of supplying their boilers; so the coal men should see that tow-boats bear the same relation to the big fleet that the little injector does to the big towboat, besides the powerful help she would be in swinging those treacherous bends. The sooner they bring her into use the sooner they will have the satisfaction of seeing those costly spills a thing of the past. It's getting there with what you start with that makes plain sailing for all concerned."

The Enterprise is the only towboat making trips in the Upper Ohio. She is taking in many empties.

Calvert Bros. of Charleston have purchased the Zenetta from Captain Gordon Greene, and will put the machinery of the ill-fated Kanawha Belle on her. The Kanawha Belle was the boat that went over Dam No. 3 on the Kanawha about two years ago, on which eleven deckhands lost their lives.

John Williams, a Negro arrested on suspicion of the murder of Mrs. Kate Lamman in a suburb of St. Louis, hanged himself in the Jail at Clayton, Mo.

In 60 years the annual per capita consumption of whisky has gradually decreased from two and a half to one and a fourth gallons. In 40 years the consumption of beer has increased from less than two to more than 17 gallons per capita.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. The different characters, from the two fat cousins down to the policeman, are all funny and plenty of pretty girls help in the singing and dancing. This comedy has been continually presented for ten years in this country and has toured England and Europe for the past ten years. Seats now on sale at Ray's Drugstore.

THERE ARE OTHERS.

Lexington Also Cursed With Opera-House Hoodlums.

THE LEDGER yesterday contained a card from a good patron of the Opera-house, protesting against the outrageous conduct of a lot of hoodlums whose chief aim in life is to annoy others.

Maysville people, unfortunately, are not alone in suffering from this obnoxious element, as this from The Lexington Leader shows—

"The long suffered nuisance of boys and men congregating around the front door of the Opera-house during performances has at last been abated. For this the thanks of the public is due to Chief of Police Jerry Reagan.
"Chief Reagan has detailed an officer at the Opera-house, and in the future the noisy and objectionable feature will not be tolerated."

It is hoped that Chief Donovan will take like action in this city.

If there is no law to protect a public assembly in a public house, the sooner the public finds it out the better.

If an officer who will do his duty will yank one of two of these blackguards out of the house, and if the Police Judge will give them a good fine and put them on the rockpile, it will have a healthy effect.

MILLIONAIRE'S POOR STOMACH.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At Henry W. Ray's, next door to Postoffice.
